The Journal of Psychology, *123*(6) 627–631

Index to Volume 123

This annual index is organized by first author and by title. Page numbers refer to the following issues:

Number 1 (January): 1–104
Number 2 (March): 105–212
Number 3 (May): 213–308
Number 4 (July): 309–412
Number 5 (September): 413–520
Number 6 (November): 521–632

AUTHOR INDEX

Agrawal, R., & Piplani, R. *Alienation among the visually impaired: Some important predictors.* 517–519.

Askenasy, J. J. M. *Is yawning an arousal defense reflex?* 609–621.

Beach, D. A. *Identifying the random responder.* 101–103.

Brems, C. *Dimensionality of empathy and its correlates.* 329–337.

Brems, C., & Johnson, M. E. *Problem-solving appraisal and coping style: The influence of sex-role orientation and gender.* 187–194.

Calabrese, R. L., & Raymond, E. J. *Alienation: Its impact on adolescents from stable environments.* 397–404.

Catanzaro, S. J. *Effects of enhancement expectancies on expectancy and minimal goal statements.* 91–100.

Chusmir, L. H., & Koberg, C. S. *Perceived work competency and sex role conflict: An empirical study.* 537–546.

Deffenbacher, K. A., Cross, J. F., Handkins, R. E., Chance, J. E., Goldstein, A. G., Hammersley, R., & Read, J. D. *Relevance of voice identification research to criteria for evaluating reliability of an identification.* 109–119.

Dermen, K. H., & George, W. H. *Alcohol expectancy and the relationship between drinking and physical aggression.* 153–161.

Duckitt, J. H., & Du Toit, L. *Personality profiles of homosexual men and women.* 497–505.

Ebersole, P., & DePaola, S. *Meaning in life depth in the active married elderly.* 171–178.

Ebersole, P., & Quiring, G. *Social desirability in the Purpose-in-Life Test.* 305–307.

Edell, B. H., & Motta, R. W. *The emotional adjustment of children with Tourette's syndrome.* 51–57.

Faubel, M. *Body image and depression in women with early and late onset obesity.* 385–395.

Ginter, G. G., West, J. D., & Zarski, J. J. *Learned resourcefulness and situation-specific coping with stress.* 295–304.

Gordon, R. A., Rozelle, R. M., & Baxter, J. C. *The effect of applicant age, job level, and accountability on perceptions of female job applicants.* 59–68.

Guastello, S. J., Guastello, D. D., & Craft, L. L. *Assessment of the Barnum effect in computer-based test interpretations.* 477–484.

Guile, M. N. *Arousal as an explanation for differences in rats selectively bred for differential alcohol sensitivity.* 279–284.
Gurman, E. B. *The effect of prior test exposure on performance in two instructional settings.* 275–278.
Harcum, E. R., Rosen, E. F., & Burijon, B. N. *Popular versus Skinnerian views on the relation between human freedom and dignity.* 257–267.
Klein, H. A., Tatone, C. L., & Lindsay, N. B. *Correlates of life satisfaction among military wives.* 465–475.
Koziey, P. W., & Andersen, T. *Patterning interpersonal involvement.* 217–235.
Kuhnert, K. W. *The latent and manifest consequences of work.* 417–427.
Leak, G. K., & Ware, M. E. *The role of name desirability in person perception.* 43–49.
Lennon, S. J., & Davis, L. L. *Categorization in first impressions.* 439–446.
Luchins, A. S. *Moral treatment in asylums and general hospitals in 19th-century America.* 585–607.
Lyman, B., & McCloskey, J. *Food characteristics thought desirable during various imagined emotions.* 163–169.
Mandes, E., & Gessner, T. *The principle of additivity and its relation to clinical decision making.* 485–490.
Margolis, R. B., Williger, N. R., Greenlief, C. L., Dunn, E. J., & Gfeller, J. D. *The sensitivity of the Bender-Gestalt test as a screening instrument for neuropsychological impairment in older adults.* 179–186.
Marjoribanks, K. *Sibling correlates of young adults' status attainment: Ethnic group differences.* 507–516.
Mikulincer, M. *Self-serving biases in the perception of freedom: The impact of previously experienced failure.* 25–41.
Mitchell, J. V., Jr. *Personality correlates of attributional style.* 447–463.
Mitchell, J., & Vierkant, A. D. *Delusions and hallucinations as a reflection of the subcultural milieu among psychotic patients of the 1930s and 1980s.* 269–274.
Mudrack, P. E. *Job involvement and Machiavellianism: Obsession-compulsion or detachment?* 491–496.
Murray, J. B. *Neuroleptic-resistant schizophrenics.* 69–78.
Natsopoulos, D., & Xeromeritou, A. *Verbal abilities of left- and right-handed children.* 121–132.
Pazy, A., Yedlin, N., & Lomranz, J. *The measurement of perimenstrual distress.* 571–583.
Pulakos, J. *Young adult relationships: Siblings and friends.* 237–244.
Quackenbush, R. L. *Comparison and contrast between belief system theory and cognitive theory.* 315–328.
Rahim, M. A., & Buntzman, G. F. *Supervisory power bases, styles of handling conflict with subordinates, and subordinate compliance and satisfaction.* 195–210.
Reis, J. *A comparison of young teenage, older teenage, and adult mothers on determinants of parenting.* 141–151.
Rexford, L., & Wierzbicki, M. *An attempt to predict change in mood in response to Velten-like mood induction procedures.* 285–294.
Rokach, A. *Antecedents of loneliness: A factorial analysis.* 369–384.
Roszell, P., Kennedy, D., & Grabb, E. *Physical attractiveness and income attainment among Canadians.* 547–559.
Samuel, V. J., & Dollinger, S. J. *Self-focused attention and the recognition of psychological implications.* 623–625.
Schell, B., & Bonin, L. *Factors affecting censorship by Canadian librarians.* 357–367.
Sheehan, E. P., Lennon, R., & McDevitt, T. *Reactions to AIDS and other illnesses: Reported interactions in the workplace.* 525–536.

Shek, D. T. L. *Sex differences in the psychological well-being of Chinese adolescents.* 405–412.
Stanovich, K. E. *Implicit philosophies of mind: The dualism scale and its relation to religiosity and belief in extrasensory perception.* 5–23.
Tang, T. L-P. *Effects of work ethic and task labels on task preference.* 429–438.
Tang, T. L-P., & Liu, H. *Effects of Type A behavior and task label on goal setting.* 79–89.
Tingstrom, D. H., McPhail, R. L., & Bolton, A. B. *Acceptability of alternative school-based interventions: The influence of reported effectiveness and age of target child.* 133–140.
Wall, S. M., Pickert, S. M., & Gibson, W. B. *Fantasy play in 5- and 6-year-old children.* 245–256.
Wanamaker, C. E., & Reznikoff, M. *Effects of aggressive and nonaggressive rock songs on projective and structured tests.* 561–570.
Zweigenhaft, R. L., Williamson, E., Spivey, E., Peters, L. V., & Christie, D. J. *Images of nuclear activists in four countries.* 339–356.

TITLE INDEX

Acceptability of alternative school-based interventions: The influence of reported effectiveness and age of target child. *Daniel H. Tingstrom, Ricky L. McPhail, and Amy B. Bolton.* 133–140.
Alcohol expectancy and the relationship between drinking and physical aggression. *Kurt H. Dermen and William H. George.* 153–161.
Alienation among the visually impaired: Some important predictors. *Rita Agrawal and Rashmi Piplani.* 517–519.
Alienation: Its impact on adolescents from stable environments. *Raymond L. Calabrese and Edgar J. Raymond.* 397–404.
Antecedents of loneliness: A factorial analysis. *Ami Rokach.* 369–384.
Arousal as an explanation for differences in rats selectively bred for differential alcohol sensitivity. *Michael N. Guile.* 279–284.
Assessment of the Barnum effect in computer-based test interpretations. *Stephen J. Guastello, Denise D. Guastello, and Larry L. Craft.* 477–484.
An attempt to predict change in mood in response to Velten-like mood induction procedures. *Lillian Rexford and Michael Wierzbicki.* 285–294.
Body image and depression in women with early and late onset obesity. *Marialice Faubel.* 385–395.
Categorization in first impressions. *Sharron L. Lennon and Leslie L. Davis.* 439–446.
Comparison and contrast between belief system theory and cognitive theory. *Robert L. Quackenbush.* 315–328.
A comparison of young teenage, older teenage, and adult mothers on determinants of parenting. *Janet Reis.* 141–151.
Correlates of life satisfaction among military wives. *Helen Altman Klein, Carol L. Tatone, and Noreen B. Lindsay.* 465–475.
Delusions and hallucinations as a reflection of the subcultural milieu among psychotic patients of the 1930s and 1980s. *Jerry Mitchell and Arlyn D. Vierkant.* 269–274.
Dimensionality of empathy and its correlates. *Christiane Brems.* 329–337.
The effect of applicant age, job level, and accountability on perceptions of female job applicants. *Randall A.*

Gordon, Richard M. Rozelle, and James C. Baxter. 59–68.
The effect of prior test exposure on performance in two instructional settings. *Ernest B. Gurman.* 275–278.
Effects of aggressive and nonaggressive rock songs on projective and structured tests. *Catherine E. Wanamaker and Marvin Reznikoff.* 561–570.
Effects of enhancement expectancies on expectancy and minimal goal statements. *Salvatore J. Catanzaro.* 91–100.
Effects of Type A behavior and task label on goal setting. *Thomas Li-Ping Tang and Hsing Liu.* 79–89.
Effects of work ethic and task labels on task preference. *Thomas Li-Ping Tang.* 429–438.
The emotional adjustment of children with Tourette's syndrome. *Barbara H. Edell and Robert W. Motta.* 51–57.
Factors affecting censorship by Canadian librarians. *Bernadette Schell and Lionel Bonin.* 357–367.
Fantasy play in 5- and 6-year-old children. *Shavaun M. Wall, Sarah M. Pickert, and Wesley B. Gibson.* 245–256.
Food characteristics thought desirable during various imagined emotions. *Bernard Lyman and James McCloskey.* 163–169.
Identifying the random responder. *Daniel A. Beach.* 101–103.
Images of nuclear activists in four countries. *Richard L. Zweigenhaft, Ethan Williamson, Ellen Spivey, Laura V. Peters, and Daniel J. Christie.* 339–356.
Implicit philosophies of mind: The dualism scale and its relation to religiosity and belief in extrasensory perception. *Keith E. Stanovich.* 5–23.
Is yawning an arousal defense reflex? *J. J. M. Askenasy.* 609–621.
Job involvement and Machiavellianism: Obsession-compulsion or detachment? *Peter E. Mudrack.* 491–496.
The latent and manifest consequences of work. *Karl W. Kuhnert.* 417–427.
Learned resourcefulness and situation-specific coping with stress. *Gary G. Ginter, John D. West, and John J. Zarski.* 295–304.
Meaning in life depth in the active married elderly. *Peter Ebersole and Steve DePaola.* 171–178.
The measurement of perimenstrual distress. *Asya Pazy, Nurit Yedlin, and Jacob Lomranz.* 571–583.
Moral treatment in asylums and general hospitals in 19th-century America. *Abraham S. Luchins.* 585–607.
Neuroleptic-resistant schizophrenics. *John B. Murray.* 69–78.
Patterning interpersonal involvement. *Paul W. Koziey and Trace Andersen.* 217–235.
Perceived work competency and sex role conflict: An empirical study. *Leonard H. Chusmir and Christine S. Koberg.* 537–546.
Personality correlates of attributional style. *James V. Mitchell, Jr.* 447–463.
Personality profiles of homosexual men and women. *John H. Duckitt and Laetitia Du Toit.* 497–505.
Physical attractiveness and income attainment among Canadians. *Patricia Roszell, David Kennedy, and Edward Grabb.* 547–559.
Popular versus Skinnerian views on the relation between human freedom and dignity. *E. Rae Harcum, Ellen F. Rosen, and Barry N. Burijon.* 257–267.
The principle of additivity and its relation to clinical decision making. *Evans Mandes and Theodore Gessner.* 485–490.
Problem-solving appraisal and coping style: The influence of sex-role orientation and gender. *Christiane Brems and Mark E. Johnson.* 187–194.
Reactions to AIDS and other illnesses: Reported interactions in the workplace. *Eugene P. Sheehan, Randy Lennon, and Teresa McDevitt.* 525–536.

Relevance of voice identification research to criteria for evaluating reliability of an identification. *Kenneth A. Deffenbacher, John F. Cross, Robert E. Handkins, June E. Chance, Alvin G. Goldstein, Richard Hammersley, and J. Don Read.* 109–119.

The role of name desirability in person perception. *Gary K. Leak and Mark E. Ware.* 43–49.

Self-focused attention and the recognition of psychological implications. *Valerie J. Samuel and Stephen J. Dollinger.* 623–625.

Self-serving biases in the perception of freedom: The impact of previously experienced failure. *Mario Mikulincer.* 25–41.

The sensitivity of the Bender-Gestalt test as a screening instrument for neuropsychological impairment in older adults. *Ronald B. Margolis, Nancy R. Williger, Catherine L. Greenlief, Edwin J. Dunn, and Jeffrey D. Gfeller.* 179–186.

Sex differences in the psychological well-being of Chinese adolescents. *Daniel T. L. Shek.* 405–412.

Sibling correlates of young adults' status attainment: Ethnic group differences. *Kevin Marjoribanks.* 507–516.

Social desirability in the Purpose-in-Life Test. *Peter Ebersole and Gogi Quiring.* 305–307.

Supervisory power bases, styles of handling conflict with subordinates, and subordinate compliance and satisfaction. *M. Afzalur Rahim and Gabriel F. Buntzman.* 195–210.

Verbal abilities of left- and right-handed children. *Dimitris Natsopoulos and Aphrodite Xeromeritou.* 121–132.

Young adult relationships: Siblings and friends. *Joan Pulakos.* 237–244.
